

Stockport School & Sports Wear

Dear Valuable Customers

The current coronavirus pandemic is one of the biggest challenges we've all had to face, but it has also demonstrated how well the country is pulling together to help get us through these difficult times.

We are working hard for when we are able to open safely to introduce social distancing rules to ensure we all remain safe. We are also offering a free contactless delivery service as a way to stay safe. If you are in need of any uniform we will be able to deliver it straight to your door, making it safer for everyone. Just message us on Facebook or email (sssstore@yahoo.co.uk) with your order and we can start working on it straight away!

Thank you to our fantastic NHS, all our key workers and you, our customers, for everything you're all doing to help beat this disease.

Take care and stay safe.
