Stockport Council would like to take photographs or video footage of pupils at your child's school. The photographs may appear in our printed publications, on our website, or both. The video footage may appear on our website or social media channels such as YouTube, or both.

Before taking any photographs or video footage of your child, we would like your consent to use any of the images we take. Please answer the questions below, then sign and date the form where shown. We recommend that you keep a copy of the form for your records.

If group photographs or video footage are organised and individual children cannot be easily identified, headteachers must find out whether any parents do not want their child to be in the photograph or video. In this instance we ask the headteacher to answer declaration 2 below and sign the consent form.
